**Title: Resume Building Session**

**Date: 27th February, 2025**

**No of Students: 50**

A highly engaging resume-building workshop, led by experienced career coach Rakesh Radhakrishnan, was conducted at Jyoti Nivas College on February 28th. The session went beyond basic resume creation, focusing on equipping students with practical, actionable skills for crafting impactful resumes that resonate with modern recruiters. Key areas covered included strategic structuring for optimal readability, techniques for effectively highlighting relevant skills and experiences, and the crucial art of tailoring resumes to specific job requirements and industry expectations. Students actively participated in interactive sessions, including resume critiques and mock application scenarios, gaining valuable, personalized insights into contemporary resume trends and the critical importance of showcasing quantifiable achievements.

Radhakrishnan emphasized the use of action verbs and the STAR method to demonstrate impact. Furthermore, he provided guidance on leveraging LinkedIn profiles to complement their resumes and build a professional online presence. The workshop aimed to empower students with the tangible tools and confidence necessary to create compelling, results-driven resumes that effectively showcase their potential and significantly enhance their prospects in their future career pursuits. Students left the session with a clear understanding of ATS (Applicant Tracking System) optimization, and a renewed sense of confidence in their ability to present themselves to potential employers.
