

JYOTI SUMMIT: AN INTERDISCIPLINARY CONFERENCE

Since its inception in 2013, Jyoti Summit, has been an example of industry-academia interaction as well as interdepartmental cooperation.

Often knowledge in the academia stays compartmentalised within the boundaries of its concerned departments. This can lead to incomplete understanding of issues and problems and ineffective solutions to the said problems. Jyoti Summit is an attempt to break such disciplinary boundaries and to bring about fruitful sharing of knowledge and research between departments and between academics and industry experts.

Over the years, Jyoti Summit has focused on topics like, Human Resource Management, Futuristic Innovations and Challenges, IT, Gender, India after 70 years, Digital World and the Financial World.

JYOTI NIVAS COLLEGE AUTONOMOUS, INDIA

Jyoti Nivas College Autonomous, Bangalore (India) was founded in the year 1966 as a minority Christian college by the Sisters of St. Joseph of Tarbes, with the specific aim of providing an opportunity for higher education for young women in India. For over 50 years the college has been committed to the intellectual progress and spiritual development of young women from across India and even other parts of the world.

In recognition of its dedication to the cause of women's education and its commitment to excellence for these past 5 decades, it has received many honours and received numerous awards. The Post-Graduate Centre began in 1991 with MA in English, followed by MCA, MBA, MCom and MSc Chemistry. The Postgraduate Studies programme has added new and emerging areas to the curriculum and adopted an innovative and engaging teaching methodology with the aim of inspiring young women to better themselves and stand apart from the mass.

JYOTI SUMMIT 2020

**International Virtual Summit on
Future Learning: New Texts, Trends
and Perspectives**

24-26th September 2020

Time: 2:00 - 6:00pm (IST)

Call for Papers

Globalisation, new technologies, migration, changing markets, transnational environment and political challenges of the 21st Century have influenced and shaped education policies and practices. Various studies have illustrated how the current approaches and methods are often inadequate in addressing the demands of this century. This has led to discussions on how to transform learning - to re-vision its purpose and practices.

While considerable resources have been and continue to be allocated to modernize educational systems and institutions, often the focus of reform is the system and not the 'education' that the system provides. Prensky in his 2012 study advocates for change at curriculum level - the development of a future oriented curriculum that engages young people and equips them with knowledge and skills to overcome new challenges.

This Summit will focus on the new challenges, topics, areas and pedagogies within academia across the disciplines of Arts, Sciences, Management and Humanities.

Abstracts (250-300 words) related to the above mentioned topic and keeping with the scope of the Summit are invited from interested scholars and students.

Submission of abstracts: 10th August 2020

Intimation of acceptance: 20th August 2020

Email abstracts to: roopaphilip@gmail.com

The abstracts selected for presentation will be automatically considered for publication in the online multidisciplinary research journal 'Navajyoti' (ISSN No. 2456-3781; www.navajyotijournal.org)

REGISTRATION

Fee for Paper presenters from within India: Rs. 500/-

Fee for International Papers Presenters: 20 US dollars

The link for participation will be shared with all registered participants.

All registered participants will be awarded e-certificates.

Interested participants are requested to register online:
