A Workshop on Forensic Accounting

A workshop oriented towards familiarizing the students with the concept of Forensic Accounting and to understand the different detection techniques used in Forensic Accounting. As part of the workshop, a panel discussion is organized on how the student community should be careful while using technology for E-banking. The seminar is organized by B.voc (Banking & Finance) in association with GLOBAL FTI on 16th of September, 2017 as a part of Arbitrium.

Time: 09:00 AM

Venue: Royal Heights
