In the week of Human Rights, The Rotaract club of Jyoti Nivas College directed a movie screening on the international day for the abolition of slavery and the constitution in defense of the vulnerable (Dalits, tribal & religious minorities) and human trafficking.

The movie was the Biopic of Dr. Babasaheb Ambedkar who strived his whole life to end the misery of economic and social discrimination against the untouchables in India's Hindu society. The movie covered the struggles faced by him for being born in a backward class Hindu family and how after a long fight against the humiliation, he finally eradicated untouchability, and claimed it to be punishable. Ambedkar served as the chairman of the drafting committee of the Constitution of India. We also had members from other clubs as well.

We had a small break where BOD played a game with participants, it was riddle and tongue twisters. Participants were interactive during the game and the section was brought to an end with pictures with participants.
